English lyrics

O Lord our God, bestower of the blessings of
the Swazi;
We give Thee thanks for all our good fortune;
We offer thanks and praise for our King
And for our fair land, its hills and rivers.

Thy blessings be on all rulers of our Country;
Might and power are Thine alone;
We pray Thee to grant us wisdom without
deceit or malice.
Establish and fortify us, Lord Eternal.

LIONS INVOCATION

O God, who art Eternal Light and Infinite Wisdom;
In whom we live and move and have our being;
We beg Thy blessing upon our deliberations
that we too may acquire true knowledge and wisdom,
and thus become more fit to serve our neighbour, our Country and Thee,
Our Heavenly Father.
Amen.

CODE OF ETHICS

TO SHOW my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.
TO SEEK success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.
TO REMEMBER that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.
WHENEVER a doubt arises as to the right or ethics of my position or action towards others, to resolve such doubt against myself.
TO HOLD friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.
ALWAYS to bear in mind my obligations as a citizen to my nation, my state and my community, and to give them my unswerving loyalty in word, act and deed. To give them freely of my time, labour, and means.
TO AID others by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.
TO BE CAREFUL with my criticism and liberal with my praise; to build up and not destroy.

PURPOSES

TO ORGANIZE, charter and supervise service clubs to be known as Lions clubs.
TO COORDINATE the activities and standardize the administration of Lions clubs.
TO CREATE and foster a spirit of understanding among the peoples of the world.
TO PROMOTE the principles of good government and good citizenship.
TO TAKE an active interest in the civic, cultural, social and moral welfare of the community.
TO UNITE the clubs in the bonds of friendship, good fellowship and mutual understanding.
TO PROVIDE a forum for the open discussion of all matters of public interest; provided, however, that partisan politics and sectarian religion shall not be debated by club members.
TO ENCOURAGE service-minded people to serve their community without personal financial reward, and to encourage efficiency and promote high ethical standards in commerce, industry, professions, public works and private endeavours.

17. FINANCE COMMITTEE REPORT - DC PCC Mike Newlands

COMMITTEE MEETING FEEDBACK SUMMARY: -

No face-to-face meetings held.

Communications by email or telephone.

PORTFOLIO ACTIVITY: - (Newsletters, Strategy, Targets vs. Actuals, Progress on SMART goals set)

Provided recommendations to Cabinet when asked to do so.

Reviewed Interim Statements as at 31 March 2021 received from CT Malcolm Johnstone. These were extremely well presented under very trying circumstances. CT Malcolm is to be complemented for providing for all his input.

The committee has perused the statements, and all queries were answered. These were mainly cosmetic matters and require no further discussion. Once again the Committee expresses congratulations to CT Malcolm for presentation an excellent clean set of accounts. Acceptance is recommended.

Acceptance of the Louis Halse Fund Accounts is also recommended.

The Budget for the 2021/2022 financial year was approved at the Third Cabinet meeting and will be presented to the Virtual District Convention on 24 April. Without having a full fiscal year since New Districting was found to be an extremely difficult task.

CLUB PROMOTION / INVOLVEMENT: -

None.

MOTIONS FOR RESOLUTION

Part 2: ORDINARY RESOLUTIONS

01) DISTRICT DUES

Submitted by the Cabinet of District 410E

WHEREAS Article VIII – Section 1 of the District 410E Constitution determines that a District Administration Fund tax shall be levied upon each member of each club in the District and that the amount of such tax shall be determined at each District Convention;

AND WHEREAS careful consideration has been given to the District 410E budget by the Cabinet, the present tax will be sufficient to defray the Administrative expenses of the District in the next fiscal year;

BE IT RESOLVED that:

The present annual per capita District Administration Fund tax for the 2021 - 2022 fiscal year remain at R305,00 per annum, effective from 1st July 2021.

MOTIVATION

The Cabinet believes that, based on the budget prepared for the 2021-2022 fiscal year no increase is necessary for the effective administration of the District.

O2). ANNUAL PER CAPITA CONTRIBUTIONS TO THE DISTRICT LCIF FUND AND THE DISTRICT GOVERNOR'S EMERGENCY FUND.

Submitted by the Cabinet of District 410E.

WHEREAS Article VII – Section 1.14 of the District 410E Constitution determines that a mandatory contribution to the District LCIF and District Governors Emergency Fund shall be levied upon each member of each club in the District and that the amount of such tax shall be determined at each District Convention;

BE IT RESOLVED that the annual contribution to the District LCIF Fund be levied at R 18.00 per capita for the fiscal year July 2021 to June 2022.

MOTIVATION

The fund is considered necessary to provide a means for the District to make contributions to LCIF as deemed necessary from time to time without having to appeal to clubs for finding. The contribution of R 18.00 per capita, which may be paid from Club Projects Accounts or from Club Administration Accounts, is considered to be adequate.

BE IT FURTHER RESOLVED that the annual contribution to the District Governors Emergency Fund be levied at R 5.00 per capita for the fiscal year July 2021 to June 2022.

MOTIVATION

The fund is considered necessary to provide first tier relief in the case of an emergency that arises in the District until such time as Club contributions and other means of funding can be sourced. The contribution of R 5.00 per capita, payable from Club Projects Accounts or Club Administration Accounts, is considered to be adequate to maintain the fund at a reasonable level.

20. GLOBAL ACTION TEAM REPORTS

20.1 DISTRICT GMT CO-ORDINATOR REPORT - DC PDG Ian King

DG Jeff

At the beginning of this year we all had high hopes of getting on top of things and showing good growth. However, it was not to be and although we remain optimistic we also need to be real. The fundamental issue for me as GMT is the distinct lack of genuine feedback. So many clubs have still not met and although report on activities, I'm not sure just exactly where we are at.

PORTFOLIO ACTIVITY

The committee has met via Zoom and gone over some of the issues with the Region chairs and will, along with the Zone chairs, elaborate in their reports. Suffice to say there are some points that need mentioning.

- **Region A** Major problem is that clubs are struggling to meet even with the advent of Zoom. Lack of activities is also an area for concern but being managed by 2nd VDG Syd. Mafikeng have indicated closure.
- **Region B** Club Branch initiated in November by Alberton Lions club in the Fourways area with the induction of 9 new members and still going strong. Participating well in the community. Good growth in Edenvale but may have some member issues that will need resolving. Soweto closed.
- **Region C** Boksburg have indicated closure.
- **Region D** Possible rejuvenation in both Howick and/or Pietermaritzburg. UKZN closed.
- **Region E** Westville have indicated closure
- **Region F** East London West is closed.

A number of points were raised in my last report but remain pertinent to this report as well that are common throughout the District:-

- Lack of face-to-face at all levels creating havoc.
- Lack of Activities is unavoidable but a huge problem.
- Training is required in many areas and GLT will be asked to assist.
- Inability to effectively get Fundraising done.
- Finances are a major concern given where we are as a whole.

As I also stated in my previous report, COVID remains the dominant cause of disruption to the normal day to day operations of our Clubs in respect of active involvement in the communities they serve as well as inhibiting the ability to grow. Many remain in survival mode and Retention is currently a priority in most clubs. However, some clubs are doing well and everyone is being encouraged to think completely out of the box, challenge the situations and find innovative ways to support themselves. GMT is doing what it can to facilitate the change in thinking but the only way it will be successful is when the club takes ownership of the process and runs with it.

The tables attached outline where we are. GMT is working hard to try and get as close to the objectives but the harsh reality is that, with what I have mentioned above, this will take a miracle to achieve. Having said that, GMT will continue the fight to sustain and grow where possible at all costs. At this point we are up 5. Our Region stats are set out below and give us a good indication on where we potentially have the biggest opportunity to grow.

Still disturbing point for me is that over 90 were dropped in Good Standing. This is something that as GMT, we will have to unpack and understand. We cannot continue to just allow good members to leave in Good Standing. Either clubs are not being honest in the reason reported for the drop or there is just not enough being done to try and save disenchanted members in our Organisation. A massive drive is required by Rc's and Zc's to ensure that clubs to get to know their members and what makes them tick. That way, we can build on strengths and ensure all members needs are met.

We still have a number of Clubs below the 10 mark and they will need focus to assist where necessary. A detailed summary by club is below and I apologise upfront for the extensive report but I would like to give everyone a snapshot of growth by club.

CLUB PROMOTION / INVOLVEMENT:-

Hopefully in the not too distant future, clubs will be able to get more active in their communities, raise much needed funds and start operating as clubs should.

In terms of my goals set at the beginning of the year, the progress is as follows:-

- **S.M.A.R.T. Goal Statement: Grow Membership in District 410E to a minimum of 1250 members by June 2021.** We are up by 5 and at 997 so a long way to go but at least through a tough time we have stayed positive.
- **S.M.A.R.T. Goal Statement: Charter at least 4 new Clubs in District 410E by June 2021.** Here we have a ton of work to do as it has been near impossible to get the process going. However now that we are near normal, work can begin. Potential areas, as mentioned, are Howick/Pietermaritzburg, Northwest University and a possible rejuvenation of Phalaborwa under the guidance of Letaba/Tzaneen. All are very much in the infancy stage except for Fourways which was established in November by Alberton Lions Club with the induction of 9 members in the Club branch.
- **S.M.A.R.T. Goal Statement: Implement a Retention Programme to compliment/support the District Governors Initiatives.** Along with GLT, training has been done to ensure adequate orientation is conducted on new Lions joining the organization. However, based on the GMT Zoom meeting held last week, more training is definately needed. I will discuss with GLT Lindie and arrange.
- **S.M.A.R.T. Goal Statement: Implement a plan to ensure adequate growth in clubs with low membership (below 10)** Membership drives to be encouraged by all affected clubs to initiate growth by RC's, ZC's and club Membership chairs.
- **S.M.A.R.T. Goal Statement: Implement a strategy to manage Diversity.** A team has been identified but has not yet met. It is in the process of being established and I will talk to it at Cabinet.
- **S.M.A.R.T. Goal Statement: Implement a plan to ensure adequate focus is placed on the expansion of Leos in our MD.** Will be covered by DC Melinda

Yours in Lionism

Club involvement

We have received no requests for training from any club.

District support

The main focus so far this year was on the “Strengthening 410E” initiative. We sent a strategic plan to the Region Chairpersons in February and resent it again at the end of March after an update meeting where no progress was reported other than the following. The only region that has taken the “Strengthening 410E” initiative seriously and gained any kind of momentum was Region B. Region B has identified a task team and maintains a regular meeting and planning schedule. Region A has kicked the initiative off, but no other Region has reported any progress.

I repeat below some tips for Cabinet members to do our bit to develop our District.

- Serve as positive advisers, mentors, friend and supporter to other members in your club
- Involve inexperienced Lions in planning, implementing and reviewing club activities and portfolios
- Celebrate club members’ successes
- Listen and hear when there are problems in your club, pay attention and react as required
- Remember to encourage club members to socialize, connect and stay in touch with each other
- Promote and mentor members in developing a sustainable succession plan
- Lead by example:
 - Reply to emails
 - Share District, Multiple district and International information with the club
 - Engage club members regularly, not just once a month at a GBM
 - Promote leadership development in your club by presenting interesting topics or contact your DC GLT to assist with material or presentation

My thanks to DG Jeff and the DG Team for their support and positivity so far this year.

Goal tracking

The table below illustrates our goal tracking

Goal	Progress
Training 100% of incoming club officers	Training for 2019-2020 was completed at the end of the previous Lionistic year. Incoming club officer training for 2020-2021 scheduled as per the training plan. We will present the training on Zoom which should attract more attendees.
Present the Lions Leadership Toolkit training events as per the previous years	This training initiative was successfully completed by 13 delegates attending all three sessions.
Promote the importance of leadership development and succession planning	This topic is presented at all workshops and training events. I regularly urge and discuss with Zonies and Region chairs to promote at club level.

20.3 DISTRICT GST CO-ORDINATOR REPORT - DC Suzanne Murray

Since July 2020 410E have served 246,938 people, done 2,289 service activities in 32,917 volunteer hours.

PORTFOLIO ACTIVITY:- (*Newsletters, Strategy, Targets vs. Actuals, Progress on SMART goals set*)

Increased activity with Diabetes, Vision, Hunger, Childhood cancer and Environment.

Newsletters with motivations and ideas for the above.

Increased publicity – Newspapers, radio, public awareness

CLUB PROMOTION / INVOLVEMENT:-

Multiple District 410 Lions Awareness Month – April – buttons and bags handed out to clubs - Sandy van Heerden

World Hunger Day – 28 May 2021

World Environment Day – 5 June 2021

Club reporting as of 6 April 2021

October	E – 51%
	W- 68%
November	E – 38%
	W – 68%
December	E – 39%
	W – 56%
January	E – 29
	W – 39
February	E – 35
	W – 58
March	E – 56
	W – 60

According to LCI we have a 74% service reporting rate.

As we can see service reporting is a problem – clubs have been told that even if they just have a meeting they must please report it. I emailed all Club Presidents and Zone Chairs in March in connection with problems with service and a thankyou to those who have been reporting their service correctly. Had a positive response from the majority of Club Presidents and Zone Chairs except for Zone 7 – Ladysmith is still 24+ months, Newcastle – 20, Reitz – 24+, Vryheid – 24+, Estcourt – 20, Hilton 24+ and Howick Umgeni – 17. Got hold of Werner Barnard and he's hoping to get them all motivated to get going, but is also very busy with a new business venture.

Reitz has a new secretary who is going to try catch up.

Apart from those, the following clubs have a 0% Service reporting for 9 months or more as at 6 April:

Boksburg-18	Durban Central-14	East London Beacon Bay-17	Mafikeng-15
Port Elizabeth Host-17	Port Elizabeth Cape Recife – 11		Vryheid-24

Spoke to Mandy – Beacon Bay and she has been trying with no luck. Sent her the document from LCI (which I had sent to the President who is no longer a Lion – Michelle) giving advice on reporting and she is going to try again. The good news is that at last cabinet report there were 18 clubs in this group.

These are clubs who have not reported service for up to 8 months:

Amanzimtoti – 5	Bloemfontein-8	Durban North – 7	Durban South – 6	Edenvale -3	
East London Port Rex - 4	Graaf Reinet-3	Northcliff – 5	Rustenburg- 3	Scottburgh-2	Westville-3
Kensington – 2	King Williamstown – 4	Kouga – 2	Manzini -3	Pietersburg – 5.	

Consolidated Reports for the District 410E Convention to be held on 24 April 2021

ZC Jeanette has been in communication with her clubs and seems to get relatively positive responses apart from King Williamstown who say they have not done anything.

As I said previously – an email was sent out to all clubs - whether it was asking if I could help or saying thank you for good service reporting and all emails contained the document from LCI pertaining to advice on Service reporting.

A big thank you to Sandy van Heerden – our PRO for all her hard work organising and promoting Lions Awareness month and organising buttons and bags. Thanks to her promoting and everything there is a lot of enthusiasm about Lions Awareness month.

In the 2020-2021 fiscal year, 100% of incoming club officers will complete club officer training.	100 % participation not achieved – all clubs however participated in all Club Officer Workshops. 3. MEMBERSHIP DEVELOPMENT GOALS and PROGRESS

2020 – 2021 GOAL	ACHIEVEMENT TO DATE	FORECAST TO JUNE 2021
By the end of the 2020 - 2021 year, the Region will add a total of 40 new members.	The current status year to date reflects a negative growth of 2, which means a shortfall of 42 against the goal. The details per Club can be seen in our GMT Coordinators report. Net result: FAIL	It is anticipated that the situation will not change significantly before June. The forecast is therefore that the current situation will remain in force.
By the end of the 2020 - 2021 year, the Region will form 1 new club with a minimum of 20 charter members and 2 new Club Branches with a minimum of 6 members in each	No new clubs formed. Net result: FAIL Club Branch of Alberton formed in Fourways. Thanks, and congratulations to the Lions Club of Alberton. Net result: PASS (with distinction) The proposed Club Branch of Edenvale is not going to happen as the club has decided to incorporate the former Lionesses into the Edenvale Lions Club. Net result: FAIL	There are no club extension prospects on the horizon and no further branches being initiated.

Region B % of District Membership	26

Impressive to see that 26 % of the District membership accounted for 58.1 % of people served, 44.6 % of service activities and 40.4 % of volunteer hours provided during the period under review.

Region B Clubs, I salute you for your service and it makes sense to refer to Region B as being Best!

5. 2020 – 2021 IN PERSPECTIVE

We started this fiscal year with an underlying theme of

“To try different things in an attempt to see different results.”

The modus operandi was to facilitate a number of interactive sessions with plenty of participation and discussion which, as we know, is not really achievable via Zoom and/or Teams as opposed to face to face sessions. Nevertheless, we can claim positive outcomes!

The following summarises initiatives undertaken:

1. July 2020: Region B Zoom B-Ree – to set the scene in terms of goals, succession planning, training, planning and chatting about where we were and where we wanted to be.
2. September 2020: Region B Membership Matters – looking at membership stability (given the covid issues), membership growth, new and branch club extension and member satisfaction.

Consolidated Reports for the District 410E Convention to be held on 24 April 2021

3. February 2021: Region B Meeting of the Minds – having a look at the future in terms of strategic thinking and changes that will be necessary going forward. This resulted in the formation of a regional task team consisting of 3 club presidents and 3 new members to explore innovation and forward thinking.
4. February 2021: Region B New Member Orientation – to explore what needs to be covered in a membership orientation / information session to be carried out by Clubs.
5. March 2021: Region B Leo Clubs Revival – the objective here was to set the scene for the formation of Leo Clubs in order to develop a Lions Nursery / Kindergarten to develop, grow and nurture young members for the future.

We are not done yet for the year and hopefully some benefits will be seen as we move into the future.

6. CONCLUSION

We need to remind ourselves that when we meet as a Cabinet and District on 24 April, we will still have 2 months of this fiscal year to complete and that there is much that needs doing to conclude 2020 – 2021 on a successful note.

There is also much more to be done in the District going into 2021 – 2022 and beyond!

Serving as Region Chairman this year has been the first time in a number of years that I have been directly involved in the “operations department” of our organisation and it has been an eye-opener, both good and bad, to say the least. It has been only two years since our much spoken-about redistricting took place and, in all honesty, much work and effort is required at District and Club levels to get our District into a better shape than we currently see. Any analysis will reveal that we are under par in a number of areas and District and Club leadership structures are going to need to dig deep over the next five years or so to ensure survival, let alone success.

Complacency, mediocracy and run-of-the-mill attitudes cannot be accepted and tolerated and we need to bear in mind that when we put up our hands to lead, we are committed to provide that leadership. We need to bear in mind that the only place where success comes before work is in the dictionary!

My thanks go to DG Jeff, the late VDG Leslie, VDG Patrick, VDG Sydney, GLT Coordinator (and RC designate) Lindie, GMT Coordinator Ian, ZC's Teresa and Bernice and our Region B Club Presidents Tammy, Hilton, Wilma, PCC Rob, Lionel, PCC Roger, Lindie, Tracey, PCC Jacqui, Hendrik, Steven, Mark and Gary for their participation and inputs into our Regional initiatives and successes during the period under review.

It has been my pleasure to serve District 410E this fiscal year.

21.3 REGION CHAIRPERSON REPORT - REGION C - RC PDG Nick Mare

1. REGION CHAIR INTERACTIONS

WITH ZONE CHAIRS:

Topics Addressed
<p>I have kept in contact with my Zone Chairs throughout the period since our last Cabinet meeting.</p> <p>I have had interesting and meaningful discussions with both Zone Chairs, with regards to communication with Clubs, the "Strengthen 410E" proposals and incoming Club officer training. We concluded that the idea of the "Strengthen 410E" initiative is a good one, however, the action of zoom meetings with the Region, or even Zones, for our area is not achievable and we therefore modified the rollout to a club questionnaire for all members to be included. The outlying Clubs struggle with connectivity. The Benoni Clubs, apart from the Lakes don't have internet connection freely available, nor the best electronic communication skills.</p> <p>We have circulated the questionnaire and will report back once we have received the collated Club feedback.</p>

ZONES:

Date	Zone	Topics Addressed
27/02/2021	5	Attended Zone 5 meeting. Good meeting, although no participation from Boksburg. Reports were fairly comprehensive, but indicated that most Clubs are not very active.
Next Meeting 08/05/2021		Reports from Clubs were good. There are issues with some Clubs and ZC Lauryn agreed to contact the Clubs with all relevant information.
Various	6	Zone Chair Martin has reported difficulty in setting up zoom meetings with his Clubs. He has however been in contact with all Club Presidents and will give us the relevant information in his report.

CLUBS:

Date	Club(s)	Topics Addressed
March 2021	5	<p>Have spoken to members of Boksburg, they will still be closing their doors at the end of May. All their regalia will be dropped at Brightsight. They have guaranteed that their payments will be up to date and that a set of financials will be forwarded to District. There is a possibility of 4 members joining Benoni Host.</p> <p>After the death of Lion Charles Metcalf and the resignation of Lions Gillian Jones and Isobel Reyneke, we invited PDG George MacDonald and LP Tina from Benoni Host to our Benoni Lakes "meet and greet". Zone Chair Lauryn and myself chatted to them about their difficulties. We intimated that combining with another Lions Club in Benoni may be an option. PDG George was not really open to the idea and he will be making plans to grow their membership. I understand his sentiment and offered our assistance as required. Zone Chair Lauryn and myself will continue to monitor the situation.</p> <p>Benoni Van Rhyn are experiencing a few membership problems of their own, but Zone Chair Lauryn is keeping a close eye on developments and I believe she has the situation under control.</p> <p>Standerton are struggling with member commitment and held a special meeting on Wednesday 31 March, which I attended with</p>

		<p>LP Beaulieu. There were 9 members in attendance and 6 of them were positive about keeping the Club going. They have identified their President, Secretary and Treasurer for next year and I am happy to report that 2 younger members have put up their hand to take on positions. There are issues in the Club and I will put a plan together with Zone Chair Lauryn to help them through their difficulties.</p> <p>Benoni Lakes are doing very well and have completed a number of projects during this period. There is every possibility that the Club will show a growth within the next 2 months, after huge interest was shown by people who attended their “meet and greet” function.</p>
March 2021	Zone 6	<p>I have been in contact with LP Karl from Pietersburg. He reports that they had a club meeting on Friday 26 March and discussed the way forward for the Club. They have requested assistance and I will set up a visit to their Club.</p> <p>Nelspruit are doing well under the circumstances. They have identified Club leadership for the next fiscal period.</p> <p>Manzini are experiencing a few membership issues which are being handled by Zone Chair Martin. He will let me know if he needs any assistance.</p>

GENERAL COMMENTS

There is no doubt that many Clubs and many Lions have used “covid” as an excuse for non-attendance and lack of support. Having said that, there are a few cases where covid has had an adverse effect on some Clubs.

There has been quite a bit of discussion lately about bringing younger members into Lionism. Region C believes that we may be putting too much effort into this idea and believe “new members” regardless of age, is where we should be focusing our efforts. I believe Rotary have launched a campaign to recruit new members from retirees as they have the time and the financial stability to be strong members.

2. LEADERSHIP DEVELOPMENT INITIATIVES AGAINST GOALS IDENTIFIED

1. It looks like most of the Region C Clubs have identified leadership for the next fiscal year.

2. Discussions with Zone Chairs Lauryn and Martin have confirmed that Clubs incoming Presidents believe that having training over 3 separate weekends is not practical. The incoming officers also believe that “zoom training” has connectivity issues and does not allow for the right amount of interaction. Clubs have asked if I would be able to arrange “face to face” training?

3. MEMBERSHIP DEVELOPMENT INITIATIVES AGAINST GOALS

MEMBERSHIP GROWTH and NEW CLUB EXTENSION

Zone Chair Martin still believes that Phalaborwa can be revived. He will keep us up to date with developments.

MEMBERSHIP RETENTION

Reports from Clubs indicate that there will be quite a few drops at the end of June. I have addressed the issues with Standerton and Benoni Host and believe our interventions will have a positive effect.

I am afraid to say, that most of our losses are due to internal disagreements between members, with some members believing that they are more important and know more about “what is right” than other members. I believe we need to reiterate, in the strongest possible terms, during training sessions, that **CLUB MEMBERS** make decisions. We need to remind our Club leadership how the decision process works!

21.4 REGION CHAIRPERSON REPORT - REGION D - RC Trevor Hobbs

Summary of the years activities

Overall there has been very little activity by the clubs during the year. Due to the covid restrictions most clubs have not been meeting in person and some have not even been meeting via virtual meetings. This is worrying in that these clubs have lost momentum and may find it difficult to get back. Other clubs have simply ticked over carrying out a project now and again. The bright point is that one or two clubs have developed a whole new way of operating and have found ways to both raise money online but also how to carry out projects without having a large personal presence. This is a practice that can be utilised by smaller clubs in the future,

The pleasing aspect within the Zone is that there has not been a large drop off in membership and one or two clubs have even grown their membership. Following a decision by Cabinet the UKZN Campus club was closed.

REGION CHAIR INTERACTIONS

CLUBS:

Howick Umgeni

After a long period of stagnation with only two members it is pleasing to report that the club recently inducted two new members. When Covid restrictions allow it is intended to work with the club to have a membership drive within the community.

Ladysmith

After having been placed in Status Quo earlier in the year the club have paid the outstanding dues. Ongoing communication is being maintained so that outstanding and current dues are sorted out.

Newcastle

Ongoing discussion and advice has been provided to the club as they are having difficulty in accessing MyLion and thus have not been able to report as required.

LEADERSHIP DEVELOPMENT INITIATIVES.

A online Strengthening 410E meeting was held and although not as well attended as was hoped, it proved to be productive. Two main areas identified were a) clubs wished to have more opportunities to meet even if it was online. In this regard a regular monthly get-together is to be organized. B) the participants recognized that Lions need to research what the perceptions of younger members of the community were of Lions and to thus identify ways that we could change to make the organization more attractive to this segment. To this end the region will be working on a online questionnaire that clubs can use to obtain this information.

PLANNED FOR FUTURE

The balance of the year and into the near future the emphasis needs to be on getting clubs back to operating in a normal manner. This will also involve personal interaction between clubs in the form of face to face Zone meetings. Clubs also need to be encouraged once again raise their profile within the community.

MEMBERSHIP DEVELOPMENT INITIATIVES

NEW CLUB EXTENSION

Level 3 lockdown has temporarily put paid to any plans in regard to the revival of the Ho wick Umgeni and Pietermaritzburg clubs. When conditions allow a Lions Information event is to be planned.

The Phoenix/Verulam area has also been identified as a area that could possibly be targeted for a future club.

GENERAL COMMENTS

Cowies Hill: Are having their first face to face meeting in May. They decided to change their meetings to the 1st Saturday of every month at 10 a.m. This is mainly due to members not happy with driving to the club at night. They have 1 member in the pipeline with the possibility of 1 further. They never missed a meeting during the lockdown as met via Zoom every month. Lion Dave Shone is not at all well, in hospital more than he is out.

Amanzimtoti: Are also meeting face to face again. Their President was feeling a bit despondent as nobody seemed to be doing anything (which I believe many of us felt) but after their meeting felt much better. They have had some interest from a couple of people to become members', but this has not materialised yet.

Kingsburgh: I have not been in contact with this club

Westville: This club has not been active for the year, although they did sell Christmas Cakes. I have been chatting to LP Jenny and will not be surprised to hear that they are closing.

Port Shepstone: The Zone meeting was held at their club and we were really spoilt with lovely burgers for lunch. Their President has set a goal of 40 members, now they are on 36 members and have a couple in the pipeline. Great club, with great vibe. They continue with their projects and are always busy.

Ramsgate: They are continuing with their food collection as they have 16 families that they feed every month. They lost 3 members and gained 1. Their Facebook page has become very active. Their Car boot and crafters market is up and running every Saturday and every 2nd Saturday there is an Art Exhibition being held at their club house, so they will be having lots of visitors and I am sure this will attract new members.

Scottburgh: This club is a busy club and have kept at it during Covid 19. They are up 2 members since the beginning of this Lionistic year.

Hibberdene: Their membership is stagnant as it is a small village. They still run their clinic every day of the week and although this is a project they are also paid to do it, so have funds for projects. They are involved with Vision testing and collection of frames for Lions Brightsight as well as an Environment project.

22.3 CONSTITUTIONS, RESOLUTIONS & PROTOCOL - DC CCE Brian von der Decken

COMMITTEE MEETING FEEDBACK SUMMARY:-

The Constitution, Resolutions and Protocol Committee, which comprises PDG Brian von der Decken, PCC Cliff Hocking, PCC Mike Newlands and PDG Kim van Wyk, has not had occasion formally to meet as yet this year. Communication has been conducted by e-mail or other electronic means.

PORTFOLIO ACTIVITY:-

A call was sent, via the District Governor through the Cabinet Secretary to all Clubs within District 410E for motions for resolution for the District 410E Convention. Those received, and which follow this report, were considered by the Committee and those received timeously were submitted to Clubs for consideration 30 days before Convention and will be reported on at Convention by the Committee. Late motions will have to receive the approval of two thirds of the delegates to Convention before they can be put to the Convention.

Nominations for the offices of District Governor and First and Second Vice District Governors of the District were called for and will be presented to the Convention by the Nominations Committee.

CLUB PROMOTION / INVOLVEMENT:-

The Committee remains prepared to assist the Region and Zone Chairpersons to ensure that each Club in the District has its own Constitution, when requested or necessary. The Committee will also respond to all queries from

Clubs and individual Lions on constitutional or protocol issues and attempt to resolve any issues that may be cause of dispute.

22.4 ENVIRONMENT - DC Alna Jackson

In terms of the goals set at the beginning of this year, I am happy to report that they have all been met to date:

Four newsletters have been distributed to date to highlight the areas where we can alter our lifestyle to be kinder to nature, namely by

- Promoting the planting of trees in September in celebration of Arbor Week, and
- Implementing habits of recycling plastic in meaningful ways in October.
- The third newsletter on protecting our natural habitats was dedicated to promoting awareness of caring for the ocean and protecting our water resources
- Promoting the importance of wetlands in purifying and conserving our precious water resources

The March/April newsletter will be distributed soon, highlighting the diabolical state of our water streams and rivers, with news on Lions' participation in the World Water Day clean-up projects undertaken in four separate areas of Pretoria and Johannesburg, in collaboration with Rotary and several NGO's.

This was an eye-opening event for any newcomer to river clean-ups, and I would encourage every club to get involved in such events. A total of 217 bags of 25kgs each were collected at the Bramley North Park clean-up of the Sandspruit, a further 66 from the upper Sandspruit at Bramley Park. Unfortunately no Lions could be mustered to assist in these two clean-ups. The Friends of Sandspruit collected a further 21 bags from Ernest Ullmann park with the assistance of Rosebank Rotary club. Wilro Park Lions & volunteers mustered by DC Sandy collected 59 bags from the Muldersdrift se Loop, which forms the waterfall at the Walter Sisulu Botanical Gardens, plus a plastic swimming pool!! At the Hennopspruit clean-up where three Pretoria Lions clubs participated, 960 bags of rubble was removed, as well as 45 tyres. The clean-up at Boksburg Lake yielded 110 bags, a further 11 bags of recyclables, two full Stallion loads of rubble, palm fronds, 1 car bumper and 1 tyre.

Even though this tally sounds astonishing, it is noticeably clear that this is an ongoing battle, and if we don't get involved, our rivers will never flow as they used to. Rotary Past District Governor David Grant, who was the driving force behind the World Water Day collaboration exercise, is keen to pursue further collaboration initiatives to work at solving the problem at the source. This will however be a long-term initiative, which needs to involve local authorities and community leaders. The next target will be to stage an event around World Environment Day on 5 June, and Lions clubs throughout the district will be encouraged to arrange an awareness event in their own area following their own initiative. As quoted by DC Sandy: *"The greatest threat to our planet is the belief that someone else will save it."*

It is encouraging to see that several other Lions clubs organised clean-ups in their own areas, inviting the public to get involved and participate. Sadly though, only one report reached the March monthly district newsletter. However, most events were well publicised and reported on widely via the media and social media.

Entries for the Environmental Photo Competition closed at the end of March and will be published on the District website, to be judged at the District Convention on 24 April by registered convention delegates. With 58 entries received, it is going to be an interesting competition!

I shall of course continue the promotion of care of our planet in different meaningful ways for the remainder of this Lionistic year, and I am gratified by several Lions clubs supporting that initiative. I look forward to receiving many club entries for the Protecting our Environment Club Excellence Award later in the year.

District Governor Jeff, it has been a pleasure and a privilege to serve on your Cabinet this year. Thank you for your leadership during this strange and difficult year, and your support and encouragement throughout. We hope that we can end this year on a high note, especially in terms of improving environmental awareness.

22.5 HEALTH - DC Avril Hobbs

COMMITTEE FEEDBACK SUMMARY:-

PORTFOLIO ACTIVITY:- *Using the reported Metrics on Club Activities*

	DIABETES	CHILDHOOD CANCER	VISION
Total for District			
No Served	1368	1062	5538
No of Volunteer Hours	215	495	1373
Top Clubs			
No Served	Graaf Reinet	Potchefstroom	Helderkrui
	500	352	1537
No of Volunteer Hours	Benoni Lakes	Cowies Hill	Pretoria City
	60	112	395

Also the % of clubs undertaking service in these core projects is still low but Diabetes and Childhood Cancer projects have improved markedly.

Of the 76 active clubs listed: 12% of clubs are involved with Diabetes, 14,4 with Childhood Cancer, and 43.4% undertake Vision projects.

DIABETES: *More clubs are doing testing and awareness projects, the public is rightly more cautious about being tested.*

VISION: *The vision screeners available are being used. Thanks to a contact DG Lyn has with the Brian Holden Foundation, her and I are meeting to see if there is a possible partnership in the offing to facilitate cataract surgery.*

CHILDHOOD CANCER: *Clubs continue to pack care packs. Several clubs participated by wearing their flip flops, in particular Alberton and Fourways.*

HEARING: *No further hearing aids have been distributed at this time.*

22.6 HUNGER - DC Carol Browne

1. The economic crisis that arose from the COVID-19 pandemic caused many families to be food insecure. Although the Child Support Grants were increased many people lost their main sources of income, and household food insecurity was markedly increased. Many Lions Clubs reported on projects that they undertook to assist with food provision among these communities.
2. With regard to the work done, as compared to the goals I set.

I have not had queries from anyone with regard to how they could best offer food support. That is fine, but I am available if anyone wants to tap into my knowledge on the topic.

The major activity that I had hoped to finish during the year was a recipe book, and menu planning material to support organisations who feed vulnerable people. It is possible that many could improve the nutritional quality of what they offer, and make their budget go further.

The desktop work on this is complete, but what still needs to happen is that I must test the recipes by cooking them in a facility, and making adjustments where needed. The facility where I would like to do this stopped all volunteers when COVID lockdown rules were implemented. They still maintain this.

I have used the material in draft form with one organisation. I offered training to the housekeepers and social workers from Open Door Crisis Care Centre, to assist them in meal planning, on a limited budget. This is being implemented in the Safe Houses that they run, for victims of violence. The feedback from them was positive, and a second session is planned for questions and to address food safety.

CAROL BROWNE

22.10 PEACE POSTERS & PUBLIC RELATIONS - DC Sandy van Heerden

PUBLIC RELATIONS : LIONS AWARENESS MONTH – APRIL 2021

PUBLIC RELATIONS GRANT :

As District Chairman for PR, I applied for and submitted a PR & Marketing Plan for a Public Relations Grant for MD 410 for the amount of US\$300-00 amounting to R48 000-00. Fifty percent of the grant amounting to R22 235-25 was deposited in our MD account with the balance only to be paid out once we have completed and submitted a full report to International. 10% of the full amount had to be covered in order to qualify.

A Committee was formed and a Project Plan drawn up for use in future. A record of the participating clubs is also on file for our reference and so that we can track the effectiveness of the project.

The money from the grant is to be used to promote Lions e.g. the button badges, the branded bags but not the contents thereof and the MD Social Media Campaign, the Most Effective Project.

We purchased Backpacks for Kids with Cancer Comfort Kits as well as 1100 PROUD TO BE A LION Button Badges, we have distributed all of the above to participating Clubs for projects taking place in April.

SOCIAL MEDIA CAMPAIGN ; the Campaign was launched on the 1st April and is designed to include 16 post during the period of our Awareness Projects which run from the weekend of the 10th, 17th and 24th April and to tell our Lions story. The goal is to encourage Service minded people to join our organisation, to promote the recognition of our Lions logo and branding and to raise awareness of our Pillars of Service and the very worthwhile projects which we do. The social media campaign is being run on Facebook, Instagram and our Lions websites and all Lions are asked to post, copy, like and share using the Hashtags created for this purpose. This social media campaign is being managed by Meredith Sturgess of Urban Jungle. Stats are being kept in order to track the effectiveness of the campaign.

MOST EFFECTIVE LIONS AWARENESS PROJECT COMPETITION ; The competition was launched on the 1st April and all Lions Awareness Projects taking place in April will qualify to enter. To enter Clubs must post their projects using the competition hashtag and also submit a brief report and pics via email. Judging will be done by independent judges from the Legacy Marketing Team. The winning club will be announced at MD convention and a small trophy awarded.

1100 PROUD TO BE A LION Button Badges were made and distributed to all participating Lions throughout Multiple District and will be worn at the Awareness Projects.

500 Lions Branded Drawstring Bags were made and distributed to Clubs participating in Comfort Kits/Care packages made up for Kids with Cancer or victims of rape and abuse. These had to be ordered in advance. We are out of stock but if funds allow I would like to order additional bags from the funds allocated for the grant as I have already been asked about ordering bags.

The delivery of the Drawstring bags and the button badges to District W and to the Durban Clubs was made possible by Lions Garry and Susette of Seabourne Express and we are very grateful.

EXPENDITURE TO DATE :

PARCO (Branded Backpacks)	:	R10 695-00
1100 x PROUD TO BE A LION Button Badges	:	R 3 668-50
TNT Design (Branded drawstring bags)	:	R 10 454-36

Nothing outstanding.

Additional amount due from International	:	R22 000-00 50% OF
Original amount of grant (dependant on rate of exchange)		

Thanks to Cliff Hocking for his support for this project and to Garry, Susette, Meredith and Barbara for agreeing to assist me when I asked.

PEACE POSTER & ESSAY CONTEST

The Theme is “We are Connected” and information is on the International Website. Communications have been sent out through our Cabinet Secretary as well as on our PZR whatsapp groups – orders are slowly coming in but still very few clubs have indicated that they will be participating. I will hold on before placing our order for Peace Poster & Essay Kits and report back.
